M M Mohamed KUSHANUDEEN of 299 Layard's Broadway, Colombo 14, Sri Lanka is a LIFE Member of the Association since 1990.

He was the founder and organiser of the UNA Study Circle at Sahira College, Colombo, Sri Lanka and became its first President.

During his tenure of office, we are aware that he fashioned it into a very high profile hardworking movement and organised several events, one or two on a very high level. During that time, it became the most outstanding Study Circle in our island wide programme in all secondary (High) schools.

In view of his record while in school, he was invited by the National Executive Committee (Board of Directors), to stand for election as an Ordinary Member of the NExCo for 1992 and again in 1993. He was successfully elected at both annual general meetings and is quite capable of continuing this good work which he undertook while in school, on a national scale now, provided he applies himself to the task.
